PRIVATE FIRE PROTECTION SERVICE

SPECIAL CONDITIONS (Continued)

6. Service hereunder is to private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction. All facilities are to be installed according to the Utility's specifications and maintained to the Utility's satisfaction. The Utility may require the installation of a backflow prevention device and a standard detector type meter approved by the Insurance Service Office for protection against theft, leakage, or waste water.
7. No structure shall be built over the service pipe serving fire protection facilities and the customer shall maintain and safeguard the area occupied by the service pipe from traffic or other hazardous conditions. The customer will be responsible for any damage to the service facilities.
8. Subject to the approval of the Utility, any change in the location or construction of the service for the fire protection facilities requested by the public authority or the customer will be made by the Utility following payment to the Utility of the entire cost of such change.
9. Any unauthorized use of water through the service to fire protection facilities will be charged for at the applicable tariff rates and may be grounds for discontinuance of service by the Utility to the privately owned protection system without liability to the Utility.
10. The Utility will supply to the privately owned fire protection system only such water at such pressure as may be available from time to time in the operation of Utility's system. Section 774 of the Public Utilities Code limits the liability of the utility resulting from a claim regarding the provision or maintenance of an adequate water supply, water pressure, equipment or other fire protection facility or service. Acceptance of service under this tariff is acknowledgement of notice of the provisions of Section 774 of the Public Utilities Code.
11. All bills are subject to the reimbursement fee set forth on Schedule No. UF. (D)
12. As authorized by the California Public Utilities Commission, a surcharge of \$1.81 for each inch of diameter or service connection will be applied to customer bills over one billing cycle, beginning on the effective date of Advice Letter No. 302-W. This surcharge will amortize the net under-collection in the 2013 Cost of Capital Memorandum Account and 2012 Interim Rates Memorandum Account. (N)
